Learning Outcomes based Curriculum Framework FOR

MASTER OF ARTS

PROGRAMME

IN

POLITICAL SCIENCE

SEMESTER SYSTEM (CBCS)

SESSION-2023-24

DEPARTMENT OF POLITICAL SCIENCE

Programme Outcome for M.A. Political science

- P01- **Knowledge** - Demonstrate knowledge of historical emergence, questions asked and distinctive contributions of the Social disciplines to the analysis of human behavior and Social issues.
- P02 - **Critical thinking** - Critically analyze everyday problems faced by the Society, evaluate specific Policy Proposals, compare arguments with different conclusions to a specific Societal issue and assess the role played by assumptions in such arguments.
- P03- **Problem Solving** – Visualize,, conceptualize, articulate, and Solve complex problems through experimentation and observation using theoretical frame -work of Social Science disciplines.
- P04- **Scientific Enquiry** - Develop the capability of defining Problems,, formulate, hypothesis, ,collect relevant data, develop empirical evidence and interpret the results.
- P05 - **Self Directed Learning** - Develop the ability to work+ independently as well as effectively in the changing environment.
- P06- **Ethics** - Articulate and apply ethics, values and ideals that demonstrate awareness of current societal challenge.
- P07- **Leadership** - Build Skills to work as part of a team and lead others, setting directions and formulating inspiring vision.
- P08- **Communication** - Communicate conclusions, interpretations and implications clearly, concisely and effectively, both orally and in writing for different types of audiences.

Graduate Attributes of the programme :

A graduate in Political Science should have a core competency in the discipline. He should be able to engage with and reflect on the political questions and issues adequately. What is required for this is the effective communication skill, in-depth knowledge of the discipline and critical faculty which could go applied in analyzing, assessing, and articulating the mind. He should have information and the ability to access the quality literature in the discipline. The graduates should be curious and inquisitive about reading the political dimension of the issues and apply the theoretical framework to understand them. They should be able to further learn and analyze them in a broader context of inter disciplinary rather than narrowing to political perspective only. They should have digital literacy, research temperament, and research skills. They should be aware of the ethical values and norms in academic writing and capability to integrate the discipline into larger bodies of knowledge. They should have an attitude of self-learning as well as working with group members in teamspirit.

Syllabus of M.A. (Political science) for Regular Mode (CBCS).

M.A. (Political science) FIRST SEMESTER

Eligibility criteria	Admission Criteria	Course code	Course Type	Name of Papers	Credits	Teaching Hours Per Week
