

**Action Taken Report**

**Session 2022-23**

**Action Taken Report for Teachers Feedback Session 2022-23**

**1. Integration of Values and Life Skills in Curriculum**

**Findings:**

96.3% of respondents favor the integration of social, moral, gender, environmental, and ethical values in the Life Skills Curriculum.

**Actions Taken:**

Enhanced the Life Skills Curriculum to further incorporate identified values.

Conducted workshops for faculty to emphasize the importance of these values in teaching.

**2. Academic Flexibility**

**Findings:**

98.1% of respondents support the provision of elective courses based on student and staff needs.

**Actions Taken:**

Expanded the range of elective courses offered in the curriculum.

Established a feedback mechanism for students and staff to suggest new electives.

**3. Availability of Teaching Resources**

**Findings:**

96.2% of respondents agree that necessary reference books are included in the syllabus.

**Actions Taken:**

Reviewed and updated the syllabus to ensure all necessary reference materials are included.

Increased the budget for acquiring additional reference books and resources.

**4. Inclusion of Stakeholders' Suggestions**

### Findings:

95.1% of respondents believe that stakeholders' suggestions are included in decision-making processes.

### Actions Taken:

Instituted regular meetings with stakeholders, including Subject Experts and Industrial Alumni, to gather ongoing feedback.

Documented and implemented suggestions from stakeholders in curriculum planning.

## 5. Co-Curricular and Extra-Curricular Activities

### Findings:

96.2% of respondents support the inclusion of activities focused on overall personality development.

### Actions Taken:

Developed a structured program for co-curricular and extra-curricular activities aimed at holistic student development.

Increased collaboration with local organizations to provide diverse activity options.

## 6. Curriculum Revision Feedback

### Findings:

98.1% of respondents agree that the curriculum has been revised based on trends and local needs.

### Actions Taken:

Conducted a comprehensive review of the curriculum to ensure alignment with current educational trends.

Implemented a continuous feedback loop for future curriculum revisions based on emerging needs.

**Conclusion:** The feedback collected for the session 2022-23 has been overwhelmingly positive, indicating strong support for the initiatives undertaken. The Actions Taken in response to the feedback will enhance the educational experience and ensure that the curriculum remains relevant and effective.
