Infrastructure Policy

Vision :

To create a High-class infrastructure that fosters academic excellence, innovation, and holistic development, ensuring a conducive learning environment for students, faculty, and staff.

Mission:

To develop, maintain, and upgrade college infrastructure, ensuring:

- *Safety and accessibility*
- *Modern and well-equipped facilities*
- *3. Sustainable and environmentally responsible practices*
- *Efficient resource utilization*
- *Enhanced student experience.*

Scope:

This policy applies to all college-owned or leased infrastructure, including buildings, facilities, equipment, and utilities.

Objectives:

- Provide safe, accessible, and well-maintained infrastructure.
- Support academic and research excellence.
- Enhance student experience and well-being.
- Optimize resource utilization and efficiency.
- Ensure sustainability and environmental responsibility.

Infrastructure Categories:

Infrastructure Categories:

- Academic Buildings
- Laboratories and Research Facilities
- Library and Information Services
- Student Amenities (Dining, Recreation, etc.)
- Administrative Offices
- Utilities (Electricity, Water, HVAC, etc.)
- Technology Infrastructure (Network, Computing, etc.)

Policy Statements:

- **Master Plan:** Develop and update a comprehensive master plan for infrastructure development.
- **Maintenance:** Regular maintenance and repairs to ensure infrastructure integrity.
- **Safety and Security:** Ensure compliance with safety and security standards
- **Accessibility:** Provide accessible infrastructure for persons with disabilities.
- **Sustainability:** Incorporate environmentally sustainable practices.
- **Utilization:** Optimize infrastructure usage through efficient scheduling.

Infrastructure Development Process:

- Needs Assessment
- Feasibility Study
- Design and Planning
- Budgeting and Funding
- Procurement and Construction
- Commissioning and Handover

Infrastructure Management:

- Facility Management Team
- Maintenance Scheduling
- Asset Management
- Energy Management
- Waste Management

Monitoring and Evaluation:

- Regular inspections and audits.
- Performance metrics and benchmarks.
- User feedback and satisfaction surveys.

Review and Revision:

This policy will be reviewed and revised every five years or as needed.

Approval: This policy has been approved by the College Council.

Responsibility:

Principal and Facility Management Team are responsible for implementing and reviewing this policy.

Amendments: Any amendments to this policy will be approved by the College Council.

Certification:

I, Rijwan Ulla, Principal, certify that this infrastructure policy has been approved and implemented in our college.

Professor Rijwan Ulla
Principal
Rajeev Gandhi Govt. Post Graduate College
Ambikapur, Distt.- Surguja (C.G.)
